AUSSIE ODYSSEY: LEARNING BEYOND BORDERS

During the recent school holiday, Az-Zahra School conducted an insightful educational visit to several top institutions in Western Australia. This effort supports our mission to gather global best practices and strengthen our vision for the upcoming Az-Zahra Secondary School, set to open in 2026, inshaAllah.

We had the privilege of visiting **Al Ameen College**, **Perth Modern School**, and **Al-Hidayah Islamic School** — each offering distinct strengths and philosophies. From academic innovation to values-based education and student well-being, the experience provided us with a well-rounded perspective on what it takes to build a future-ready, world-class learning environment grounded in faith and excellence.

HIGHLIGHTS

At **Al Ameen College**, we explored a thriving model of academic and character excellence. The school's balance of strong Islamic identity and high educational standards offered rich inspiration in areas such as leadership, curriculum planning, and school culture — all essential components as we develop Az-Zahra Secondary School.

Our visit to **Perth Modern School**, renowned as the top academic institution in Western Australia, was equally eye-opening. We gained valuable insights into performance-driven leadership, data-informed strategies, and innovative teaching approaches — a powerful benchmark for building academic excellence in our future secondary school.

At **Al-Hidayah Islamic School**, we were deeply moved by their integration of Islamic values with progressive educational practices. The use of the Walker Learning approach, Zones of Regulation, and Calm Corner reflected a commitment to student well-being and emotional development. It was a beautiful reminder that nurturing confident, compassionate, and self-regulated learners is just as important as academic achievement.

This inspiring journey has strengthened our vision for Az-Zahra Secondary School — a future-ready institution rooted in Islamic values and academic excellence. InshaAllah, this is just the beginning of many impactful steps ahead.

AWAL MUHARRAM PROGRAMME

Az-Zahra School welcomed the Islamic New Year 1447H with a special Awal Muharram Programme filled with reflection, unity, and renewed intention. The event featured two main activities: a Maal Hijrah procession and an inspiring Awal Muharram talk.

The procession saw students and teachers walking together in remembrance of the Prophet's Hijrah, carrying banners and chants of encouragement — a symbol of moving forward with purpose. This was followed by a meaningful talk that reminded students about the values of perseverance, self-improvement, and spiritual growth.

The program left everyone with a deeper understanding of Hijrah and a stronger motivation to begin the new year with good intentions and better actions. May 1447H be a year of blessings and growth for the entire Az-Zahra family.

MOE SEGAK (STANDARD KECERGASAN FIZIKAL KEBANGSAAN) TEST

Az-Zahra School recently carried out the MOE SEGAK (Standard Kecergasan Fizikal Kebangsaan) test to assess students' physical fitness levels. The test included activities like BMI checks, sit-ups, push-ups, step tests, and flexibility tests.

Students participated with great energy and enthusiasm. More than just a fitness test, SEGAK helps promote healthy habits and highlights the importance of staying active as part of a balanced lifestyle.

Well done to all students for giving their best!

HAFAZAN STARS

At Az-Zahra School, we deeply value the memorisation of the Qur'an as a noble and lifelong journey. This special slot recognises students who have shown dedication, discipline, and love for Qur'an by successfully completing their hafazan syllabus. May their efforts be blessed, and may they continue to grow as Ahlul Qur'an — those who carry the Qur'an in both heart and character.
